

THE GENEALOGY CENTER RESEARCH SERVICES

The Historical Genealogy Department Research Center offers research services to those individuals interested in obtaining genealogical and historical data from the vast resources of the department's collection but who cannot conduct an on-site investigation at the present time. The research is performed by individuals experienced in conducting genealogical research surveys and in using the resources of the Historical Genealogy Department. Up to an hour will be spent evaluating the research question, exploring primary and secondary sources, obtaining copies of pertinent documents, and composing a research report.

The fee for this service is \$25.00, non-refundable and paid in advance. Please allow six weeks for delivery of your report. This form may be copied.
